

COS 330 PRACTICAL 4

By Dylan Kapnias (u18108467)

5.2) a. Yes, as there is no other conflicting primary key (Student-ID) in the table.

b. No, the primary key '36' already exists in the table, and thus this will cause a conflict.

c. No, the primary key cannot be a NULL value.

5.8) The READ and DELETE rights granted to Y by X at $t=25$ need to be revoked.

5.9)
